

Romeo and Juliet Character analysis

After reading Romeo and Juliet I want you to choose one character and write an analysis of this character. Your analysis should be at least 150 words. Here are a few questions to help you, but you don't need to answer them all.

- Why did you choose this character?
- What part does this character have in the play?
- What is the character like (personality/looks)?
- Is this a good or a bad person? Why?
- Do you sympathise with this character?
- Does this character play an important part in the play? Why?

I also want you to find at least one quote (*citat*) about or by your character. Explain what the quote means and why you chose this quote.

You are allowed to use dictionaries, but make sure it's still *your* language.

Before you hand your text in, have a friend give you peer response.

Good luck!
